

WOODY & WILCOX

Not Your Average Morning Show.

They were born on opposite sides of the country and are definitely on opposite sides of most discussions, but what makes them different is what makes it work. Woody is from LA, Wilcox is from DC—they joined forces in San Diego in 2003 and the rest is history! Woody & Wilcox aren't just passionate about radio! In their spare time, they partner with NoDa Brewing to create custom beers and host various events throughout the year. They are also heavily involved with Purple Heart Homes, providing housing solutions for disabled and aging Veterans across the country.
